

The Snowman

Raymond Briggs

One wonderful night, a snowman comes to life and an unforgettable adventure begins. First published in 1978, *The Snowman* has charmed generations of children and is now a national treasure. It is narrated entirely through pictures and the dreamlike illustrations perfectly capture the wonder and innocence of childhood. Now available for the first time digitally, *The Snowman* eBook is almost as magical as the snowman himself and is set to become an intrinsic part of Christmas.
